

CCC Framework Impact Measurement Plan

The CCC Framework Impact Measurement Plan provides a standardized approach for evaluating transparency, communication, informed conservation, preventive care, and trust.

Key Performance Indicators (KPIs)

- Patient Understanding Score
- Communication Clarity Score
- Patient Trust Score
- Treatment Option Awareness Rate
- Preventive-Care Understanding Rate
- Patient Satisfaction Score

Data Collection Methods

- Patient Transparency Assessment Form
- After-Visit Survey
- Clinic Self-Assessment Tool
- Anonymous patient feedback collection

Monitoring Frequency

- Monthly review of collected data
- Quarterly quality-improvement meetings
- Annual impact assessment and reporting

Expected Outcomes

- Improved patient understanding
- Enhanced informed-conservation effectiveness
- Increased patient trust
- Greater preventive-care engagement
- Improved quality-improvement performance

Sample Reporting Metrics

Baseline Score: _____

Target Score: _____

Current Score: _____
